TITLE SPONSOR:

Welcome to the course on Dental Prescribing and Retail Pharmacy. This comprehensive program is designed to equip dental professionals with the essential knowledge and skills required for effective and compliant prescription practices in a dental setting. In this informative talk, Frank will discuss the current challenges seen in retail pharmacy from dental prescriptions. Topics include:

Objectives

- Review on the various ways to get a prescription to us, and how to do it correctly
- Documentation needed for narcotic prescriptions in an increasing regulatory world
- Review on Narcotics, NSAIDS, Steroids, and Antibiotics for Dental Use
- Common prescribing errors
- Frustrations with phone-in prescriptions
- Review of the anticoagulants and what you need to know about them
- Much, much more!
