NETWORKING WITH VENDORS

6:15 P.M.: DINNER SERVED

6:30 P.M.-8:30 P.M.: CE SESSION

This course explores the ADA's newest speciality, Orofacial Pain, and identifies its scope and position in the field of Dentistry, empowering dentists and dental teams with the knowledge and basic skills to identify orofacial pain maladies. Through lecture, case discussion, and hands-on exercises, participants will gain a better understanding of the field of orofacial pain, how to incorporate an orofacial pain assessment into one's practice, and know when to refer to a specialist.

Learning Objectives

- Understand the practice and scope of Orofacial Pain
- Learn to identify orofacial pain conditions
- Understand when to refer to a specialist
